GENERAL FEATURES

A line of compact cooking appliances, designed for people who do not want to give up on high performance, even in small spaces. Made of AISI 304 18/10 stainless steel, elegantly finished with Scotch Brite satin finish, it has rounded edges and capacious recessed areas; it is 600/650 mm deep and has a modular width of 400/600/700/800/1000 mm; the series comes complete with open base supports, with cupboards or refrigerated bases. The appliances can be easily put together to build a unit, that is compact, without any gaps thanks to a covering profile that guarantees protection against leaks and therefore excellent hygiene. High flues, ergonomic knobs mounted on a sloped control panel for better visibility, make this range easy to use from the very first time. All models are CE-approved.

TECHNICAL DETAILS

ELECTRIC

ELECTRIC GRIDDLE WITH GROOVED PLATE - TOP VERSION

The plates are heated by high-power electric heating elements, so as to guarantee that the temperature will rise rapidly and maintain the preselected values. The temperature can be adjusted from 0 to 300°C in the electric ones. The plates are equipped with splash guards so that the hob can be kept perfectly clean and hygienic. The work surface is slightly sloped so as to send sauces, grease and dressings into the capacious drip tray designed for this purpose. Model equipped with thermostatic temperature control, a safety thermostat and power lights.
