SERIE
QUEEN 9

GENERAL CHARACTERISTICS

It is the choice of those who need maximum strength and power. Queen9 is distinguished by its 900 mm depth, a 20/10-thick work surface, double-crown burners, and the use of elegant stainless steel with a Scotch Brite finish.

Details that not only offer maximum functionality and aesthetics, but also take into account the practical and ergonomic needs of those who work.

The extreme freedom of composition allows top models to be combined with accessorizable oven and neutral base units, even with hygienic finishes.

With more than 350 models immediately available in the catalog, Queen9 is already ready to start giving its best.

In addition, all equipment that makes up a Queen9 kitchen is certified in compliance with international standards, including CE, GAR, AGA and others.

TECHNICAL SPECIFICATIONS

Stainless steel outer shells and feet.

Height of the work surface adjustable from 840 to 900 mm.

Tops with a thickness of 2 mm.

Aisi 304 steel burner controlled by safety valve and thermocouple.
