INDUCTION RANGE 1 ZONE - TOP VERSION

CODE CR0855879	MODEL 6NPC/IND411	SERIE SERIE 600
-------------------	----------------------	--------------------

GENERAL FEATURES

A line of compact cooking appliances, designed for people who do not want to give up on high performance, even in small spaces. Made of AISI 304 18/10 stainless steel, elegantly finished with Scotch Brite satin finish, it has rounded edges and capacious recessed areas; it is 600/650 mm deep and has a modular width of 400/600/700/800/1000 mm; the series comes complete with open base supports, with cupboards or refrigerated bases. The appliances can be easily put together to build a unit, that is compact, without any gaps thanks to a covering profile that guarantees protection against leaks and therefore excellent hygiene. High flues, ergonomic knobs mounted on a sloped control panel for better visibility, make this range easy to use from the very first time. All models are CE-approved.

TECHNICAL DETAILS

INDUCTION RANGE
INDUCTION RANGE 1 ZONE - TOP VERSION

Induction cookers with 1 cooking area (diam 220 mm) for 5kW of power per area. The energy regulating device allows you to set the temperature and a light indicates whether there is any residual heat on the top. The appliance is fitted with a device that detects the presence of the pan and an operating light. The hob is moulded from a single piece of AISI 304 18/10 stainless steel with Scotch Brite finish.

SERIE 600

The cooking areas are marked with a round silk-screen print with a diameter measuring 22cm (30 cm for the wok) and with a power of 5 kW for each area.

A device detects the presence of the pan and activates the heating. In case of anomalous use a special device stops it from operating to prevent overheating.
