

# STRAIGHT TO THE POINT! YOU. YOUR TEAM. YOUR MULTIMAX.

MULTIMAX. SIMPLY UNCOMPLICATED.

# MULTIMAX - YOU DON'T NEED ANYTHING ELSE.

When developing the MULTIMAX combi-steamer we pursued a clear target: Highest efficiency by reducing things to the essentials. No frills. No fuss. And the result is what many chefs wished for: A reliable, uncomplicated craftsman.

MULTIMAX is a reliable partner. It supports the kitchen staff in all work processes and makes sure that the chef can do his job with due passion and concentration. Easy handling and quality craftsmanship - this combination is our secret for long-lasting success.

# SIMPLY UNCOMPLICATED!

The best things in life are the simple things. This is the case with the MULTIMAX combi-steamer, simply by concentrating on what's really needed. And that's exactly and the Premix-burner technology make MULTIMAX an indespensable partner in your kitchen.

**HELLO CONTROL!** 

In the kitchen there is usually no time for long and detailed instructions. That's why we designed an intuitive and time saving control: with a language neutral 5" display and a push-dial. Thanks to the new USB port positioning, updates and programmes can be transferred as easy as never before.

#### THE SAME AGAIN, PLEASE!

It truly assists the chef in the day to day operations and makes sure that the guests are continously happy with the results. The MULTIMAX memory of 99 programmes and the Steptronic® function ensure high quality results every time.

#### **KITCHEN POSSIBLE!**

In spite of the simple and basic concept behind it, MULTIMAX remains a multitalented machine: a true all-rounder! With 8 cooking modes from 30°C to 300°C: steaming, combi-steaming, intensive-steaming, vario-steaming, convection cooking, low-temperature and Delta-T cooking as well as regeneration. The MULTIMAX can cover it all.

#### **AND NOW WITH FULL STEAM!**

The MULTIMAX also features the Eloma live steam system. It generates steam directly in the cooking chamber, which is ideal, also for sensitive food - saving you water and energy.

> Cookery is become an art, a noble science. Cooks are gentlemen.

> > (Robert Burton 1577 – 1640)

YOU'RE THE GUY WHO MAKES CLEAR AN-NOUNCEMENTS. TACK-LES THINGS. COOKS WITH PASSION. SOMEONE WHO DOESN'T NEED FRILLS. THEN MULTIMAX IS YOUR BUDDY - DIRECT AND RE-DUCED TO WHAT REALLY MATTERS: THE TASTE.

#### For the real craftsmen among the chefs.

In the last couple of years there were some interesting developments in cooking. From recipes with insects to molecular gastronomy. Curiosity and joy in experimenting are important characteristics of a chef. But appreciating the essentials is the pillar of it all.

Cooking is a craft. It needs good training and many years of experience. Only someone who knows the basics can manage their kitchen competently and confidently.

MULTIMAX is made for chefs like this. It is like you: A workman, a maker, a master of its craft. It is ready anytime, giving everything. Not many words are needed. Except maybe: "Get a MULTIMAX. You will have a bond like no other."

## PERFECTION SINCE 1975.

#### Eloma - for the love of cooking and baking.

Eloma is one of the worldwide leading manufacturers of combi-steamers and bake-off ovens for the professional field. However, we don't see ourselves as an industrial company, we see ourselves as craftsmen for craftsmen.

We don't leave the development of professional cooking appliances solely to our engineers. Many chefs, butchers and bakers work for Eloma in the right positions. They know the customer's business at heart.

# Made in Germany. With responsibility for people and nature.

# ELOMA -A GUT DECISION.

Eloma is not just a regular manufacturer. We don't just produce goods. We support passionate chefs. Everyday. With great dedication. Because we love what we do and we persue clear values:

01	Maximum product quality
02	Optimum user-friendliness
03	Maximum customer centricity
04	Permanent future-oriented thinking
05	Consistent sustainability
06	Respectful Interaction with people and nature
